Commission Rules

1. The commission rate is the rate that is in effect on the application date of the issued policy.
2. For Medicare Supplements and Medicare Select policies, the commission is calculated on the lesser of initial premium or paid premium. For Life Plans, the commission is based on the paid premium including the policy fees and is based on age at issue.
3. Medicare Part B deductible premium is not commissionable except for the State of Washington. Commission is not calculated on premium increases except for the State of Washington.
4. Policy/Application fees on Medicare Supplement and Medicare Select Plans are not commissionable. Policy/Application fees on Medicare Supplement and Medicare Select Plans are not applicable in the state of Arkansas.
5. Unearned commission within any policy year will be charged back on any premium refunded to the policy owner. On any policies for which commissions were advanced and for as long as you maintain an advance balance, you agree that if you, either directly or indirectly through a third party, cause or assist in causing, the lapse, rewriting, or replacement of any policy issued through the Company, you will pay damages to the Company equal to two times the annual premium of such policies written.
6. The commission for the Product is vested and may be credited to you after the termination date if (a) the policy related to the Product remains in force, (b) the premiums for the policy are credited to Company, and (c) you are the writing agent and you remain the producer of record.
7. Internal Replacements Medicare Supplement/Medicare Select. Commission will be calculated at 100% of the applicable commission rate when a new Forethought Life Insurance Company Medicare Supplement/Medicare Select policy replaces an existing Forethought Life Insurance Company Medicare Supplement/Medicare Select policy, or an existing Forethought Life Insurance Company Medicare Supplement/Medicare Select policy, and the producer of record does not change. The commission on the new internal replacement policy will be calculated based upon the policy year of the former policy.
8. For Life Insurance, your commission may be reduced from replacements or conversions.
9. External Replacements. Commission will be calculated the same as new business unless a state special rule applies.
10. The Company may, from time to time, issue compensation/product schedules with respect to the Product which (a) amend, replace or terminate this Schedule, or (b) identify whether the Product is eligible for bonuses.

This schedule is in addition to any other schedules currently in force or that may come into force in the future, but supersedes any prior Schedule related to commission on the Products. This Schedule shall remain in effect until changed or terminated by Company.
